President's Message

Our Family Day activities were a huge success! Attendance was up again this year and from all accounts, everyone enjoyed themselves! If you missed it, we had hay rides, outdoor games, a fire pit where people could roast hot dogs or marshmallows, a family friendly movie inside and snacks. It was great to see new faces and familiar ones as well.

We will do our best to have a great Family Day event again next year. Please think about volunteering. Without volunteers, events like this one can't happen. With that being said, I'd like to thank this year's Family Day volunteers: Brenda and Jeremy Kaczor, Nanci and Holly Cavill, Teagan Van Alstyne, the whole Adams family (Gary, Wendy, Sydney, Bradley, Kyle and Kyra), Connie and Chad Bowie, Steve Colquhoun, Aaron Clark, the Daubert family (Lori, Kyle and Jenna), Adam Fitzsimmons, Phil and Laurél Hawkswell. I was on hand as well to volunteer and enjoyed seeing people from the community gather for some winter, family fun!

Kathy Katzenback,
Aldergrove Community League President

Currently a small committee has been established to rebuild Primrose Park, but we are requiring the commitment of 4 - 6 more members of the community to help oversee the rehabilitation of the park by helping complete a community needs assessment as well as fundraising. Primrose Park has provided our children with hours of play, excitement and fun. In order to keep this park in top shape to be a safe place for our children, this rehabilitation needs to happen. Currently there is the potential for features of the current equipment that need to be repaired be removed entirely. Please get involved in the committee.

From Volunteer Canada

www.volunteer.ca/nvw2017

In 2017, volunteering comes in many forms and is as diverse as Canada itself.

Someone who shovels their neighbour's laneway or who brings a lost pet to the animal shelter is helping to build a stronger community.

Sometimes we miss recognizing these people as volunteers, because they do not occupy a formal role within an organization or group.

To celebrate all volunteers and to get you thinking more deeply about volunteering, during NVW Volunteer Canada will release a series of crossword puzzles that reveal the impacts, benefits and diverse ways

Canadians are involved in communities. Some answers may be obvious, while others may cause you to stop and say: "Volunteering, Eh?"

However you recognize volunteering in 2017, one thing remains timeless...and that is volunteer efforts create positive impact in communities across Canada.

Paying attention to fatigue

Many of us feel fatigued at one time or another, but fatigue can sometimes mean more is happening with your body.

Fatigue can often be the result of overwork, poor sleep, worry, boredom, or a lack of exercise. People who have anxiety or depression may also experience fatigue. It can also be a symptom caused by illness, medication, or medical treatment such as chemotherapy.

Fatigue brought on by over work or illnesses such as colds or flus often resolves itself on its own without having to see a doctor. However, if you are experiencing fatigue that lasts longer than two weeks, it may be a symptom of a more serious health problem and a trip to the doctor may be required:

- **Anemia** – a decrease in the amount of hemoglobin (oxygen-carrying substance) found in the red blood cells
- **Heart problems**, including coronary artery disease or heart failure, that limit the supply of oxygen-rich blood to the heart or the rest of the body
- **Metabolic disorders**, including diabetes
- **Thyroid issues** – both hypothyroidism (low thyroid level) and hyperthyroidism (high thyroid level) can cause fatigue
- **Kidney or liver disease**

Check your symptoms to help determine if and when your fatigue may require a visit to your doctor. Learn more about fatigue on MyHealthAlberta.

Happy Spring Everyone!

Even with the weather not deciding if it's winter or spring we are hoping the cold will be out the door and Spring flowers will be in bloom soon!

We had another highly successful skating season at the hall. Callingwood-Lymburn Community League is always a very popular place for skating and this year has been no exception – our two rinks were extremely well used. A hats off to our Rink Director, Gary Goldsand and Attendants, Jonah Kammermayer and Sam Goldsand, for making sure the ice was maintained and the rink was supervised throughout the season.

With winter on its way out and spring approaching the outdoor soccer season will be on us before you know it. The main registration has already happened but there will still be opportunities to register if you missed it. Soccer is the largest activity for the community league. We have dozens and dozens of kids in the neighbourhood from 4 years old right up to 18 years old playing on our numerous teams. We are always in need of Soccer Coaches, Assistant Coaches and Managers for all these teams. It is important that we find people with young soccer players to pitch in and keep our program thriving. Please contact Kevin Kraglund at 780-993-9985 for more information.

Another chapter with CLCL is about to end as we say farewell to Margaret Ushko. Margaret was the Director of AKF Karate at Callingwood and will be retiring from our Board.

The exact number of years is not known but it has been at least 18 years she has been with us. As Margaret retires the AFK program will leave being a part of CLCL.

The program will still run as usual but not under the umbrella of CLCL. Thank you for all your love and support through the years.

I should also remind everyone that one of the benefits of your community membership is the free family swim at the Jamie Platz YMCA on Sundays.

CLCL have exclusive use of the pool every Sunday from 5:00 pm to 7:00 pm - just show your community league membership card.

If you have any questions or concerns about community related issues, please feel free to call or email me at any time.

Erin Harrigan
President

Ask Charles

I saw a house for sale, and I want to check it out – will I have to sign a contract to get a real estate professional to show me the house?

The short answer is no. If you see a house for sale and you simply want a real estate professional to show you that house, you're not required to sign a contract.

Simply viewing a home with a real estate professional doesn't trigger a regulatory requirement to sign a contract with that real estate professional. However, if you start sharing confidential information such as your motivation for buying or your financial qualification, the real estate professional has a responsibility to clarify your working relationship, at which point they are going to provide you with some documents to review.

In the process of clarifying your working relationship, the first document a real estate professional should present to you is the Consumer Relationships Guide. The Consumer Relationships Guide is a mandatory document for real estate professionals when they begin working with a buyer or seller of residential real estate. It explains the different types of working relationships between real estate professionals and consumers.

The Consumer Relationships Guide is not a contract. It does not commit you to a specific ongoing working relationship with your real estate professional, but it is an essential information piece for consumers to understand what working with a licensed real estate professional entails. Among other things, it discusses responsibilities and obligations.

The Consumer Relationships Guide contains an acknowledgement that consumers have to sign indicating they've read the Guide, understand it, and have been provided with an opportunity to ask the real estate professional questions about it. Consumers need to review and sign the Guide before entering into any contract with a real estate professional.

Some real estate professionals may actually present the Consumer Relationships Guide and request that you sign the acknowledgement even before showing you a single property, but that specific practice is not a requirement.

"Ask Charles" is a monthly question and answer column by Charles Stevenson, Director of Professional Standards with the Real Estate Council of Alberta (RECA), www.reca.ca. RECA is the independent, non-government agency responsible for the regulation of Alberta's real estate industry. We license, govern, and set the standards of practice for all real estate, mortgage brokerage, and real estate appraisal professionals in Alberta. To submit a question, email askcharles@reca.ca.

President's Message

Spring has sprung and the 2017 Town Hall meeting is right around the corner. For those who want to impact change in our own community, I invite you to join us for the 2017 Town Hall meeting at the hall at 7pm on April 23rd.

This is your opportunity to sound your voice on important matters and possibly step up into a leadership role on the community board and fill a critical role.

The primary themes at this year's Town Hall will be fiscal responsibility and the community's growth strategy. We are asking our membership to help us determine what programs are most important to you and where our funding should be directed.

Did you know that it cost over \$9,000 to run our rinks last year? Our rinks were only open 30 days this past winter as they are closed when the temperature is too cold or too warm and a warm winter melted our rinks very early.

Our rinks cost nearly \$200 per day they were open, serving an average of ten skaters per day, with only six of them from our own membership and most being repeat users.

Thanks to the tireless efforts of Denis Ricard and the rink committee, our hockey rink was refurbished in 2016; however, our rinks are becoming unsafe for members to skate and likely have a lifespan of only a few more years, after which they would need to be completely rebuilt at a cost in excess of more than \$80,000 per rink.

In sharp contrast, our soccer program involves 160 kids annually (indoor and outdoor combined), but not all are able to afford the program. Our uniforms and equipment are also quickly deteriorating. Our community is now at a cross-road where we must determine where our limited funds are best spent.

A motion will be made at the meeting that the operation of the rinks be suspended indefinitely and \$5,000 re-routed to the soccer program. Members who attend the Town Hall will have the opportunity to speak for and against this motion and will ultimately decide whether operation of the rinks or affordability of the soccer program is more valued. Please attend the Town Hall to be included in this decision.

To voice your opinion on any matters related to our community, please visit the La Perle Community Facebook page and leave your comment, or email us at laperle.community@icloud.com.

Congratulations to our indoor U-12 girls soccer team, coach by Todd Opatril, who won Gold in this years 2017 Slush Cup Tournament – the largest indoor tournament in Canada with approximately 400 teams participating.

They also finished with a Bronze Medal in Inter-cities on March 12th! Good luck to all our soccer teams competing in the outdoor season this spring.

Cheers,
Trevor Elliott
President

Are you a fair-weather scooper?

We all know we should pick up our dog's poop, but it's very easy to forget a bag or look the other way especially when no one else is around.

Don't be that kind of dog owner. Make a point of scooping your dog's poop every single time they go on public property. Carry a few bags with you so you're always prepared to pick up after your dog. It's also important to regularly clean up pet waste on your own property.

Neglecting to pick up after your dog could mean that someone else picks it up ... on their shoes. Far more seriously, it could expose people and other pets to bacteria, viruses and parasites in your pet's waste. You could also end up with a \$100 fine.

There's no denying that scooping up poop is an unpleasant job, but it's a responsibility that comes with owning your dog and a small price to pay for the joys of owning a furry friend.

Help keep the pathways around the league poop free and please remember that all dogs on parkland must be on a leash.

La perle rinks are not considered an off leash park; please refrain from using them for your dogs.

Giving People a Voice in Mental Health Research

Written By Caitlin Crawshaw

The Mental Health Commission of Canada reports that in a given year, one in five people in Canada experiences a mental health problem or illness. In Alberta, that's more than 675,000 people.

Researchers and clinicians in the province recognize the need to learn more about mental health, but realize most research topics are chosen by the researcher, not the people living with mental illness.

A new study partly funded by Alberta Innovates (previously Alberta Innovates – Health Solutions) is changing that.

This fall, the Alberta Depression Research Priority Setting Project surveyed people who have experienced depression, as well as their clinicians and caregivers, to pinpoint gaps in current research.

"Someone with lived experience will likely have a different perspective than someone doing the research," explains Robbie Babins-Wagner, PhD, a professor at the University of Calgary Faculty of Social Work and a member of the project's advisory group.

Researchers are analyzing the survey answers to better understand the needs of people who experience depression. And what they find will shape research to help meet their needs. "This will allow the voice of people living with and caring for mental illness to influence research projects," adds Babins-Wagner.
